This matter was opened to the New Jersey State Board of Nursing (the "Board") upon receipt of a written petition from Charles H. Scott ("Respondent") to reinstate his license to practice as a Licensend Practical Nurse. By Final Order of discipline filed on July 7, 2015, Respondent's license to practice was suspended until he provided proof of continuing education for the June 1, 2012 - May 31, 2014 biennial period. The Final Order also imposed a reprimand and two hundred fifty dollars (\$250) in civil penalties relating to continuing education violations. The Final Order had been finalized on July 7, 2015 by after Respondent failed to provide an aqueate reponse to the December 29, 2014 Provisional Order of Discipline that was mailed to his address of record with the Board.

In his petition for reinstatement, Respondent

demonstrated, to the satisfaction of the Board that, after the issuance of the July 7, 2015 Final Order, Respondent completed the required 30 hours of continuing education, which shall be used to cure the deficiency of the June 1, 2012 - May 31, 2014 biennial renewal period. Lastly, Respondent submitted a check in full payment of the civil penalties imposed by the Final Order of Discipline.

The Board has determined that Respondent has complied with the terms of the Final Order of Discipline and, that his license should be reinstated. The Board has, therefore, determined that the within Order is sufficiently protective of the public health, safety and welfare; and in lieu of further proceedings, and for other good cause shown;

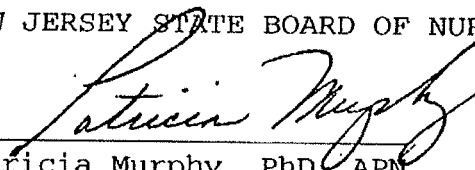

IT IS on this 3<sup>rd</sup> day of June, 2016

**HEREBY ORDERED that:**

1. Respondent's petition for reinstatement of his license to practice nursing in New Jersey shall be granted after Board review and approval of a reinstatement application from Respondent, including fees, and a criminal history background check, if required.
